#### 4. Telluride | The Hotel Telluride

Colorado is home to some of the country's most ultimate adventures, and when you head to [The Hotel Telluride](#) this late spring, you'll be getting a piece of that yourself.

The hotel is offering a brand new Ropes & Rungs summer alpine adventure package that gives you everything your adventurous self could ever imagine.

This 3-night package will take guests on a guided Via Ferrata climb via an exposed ladder and cable system, in fact the only Via Ferrata in the entire state of Colorado.

You'll also get to take part in a climb to show off your skills and the stunning Ophir Valley area. This full day of guided rock climbing is led by the folks at San Juan Outdoor Adventures, a fully-insured USDA Forest Service permitted outfitter.

Not sure if climbing is your thing? Don't worry -- you don't have to be an experienced climber to enjoy this. You simply have to be okay with heights, and be ready for an adventure.

Included in the package is:

- Accommodations in a Signature King or Double room (featuring a private balcony that overlooks the San Juan Mountains)
- Daily breakfast for two
- A full-day guided Via Ferrata climb
- A full-day rock climbing adventure

This package is available June 1 - September 30
